### COL. S. H. DAY

Colonel S. H. Day, the nominee on the Democratic ticket for recorder and ex-officio auditor is probably as well known as any other citizen in Ormsby county. He has been a continuous resident and taxpayer of Carson City since May 30, 1869.

He was the first clerk in the state land office and first deputy surveyor of the state. He was secretary of the Centennial commission, secretary of the state board of regents, and a member of the board. Was also aide-de-camp to the adjutant general, paymaster-general, assistant adjutant general and from April 8, 1903, to December 31, 1912, performed the duties of adjutant general, serving without compensation, besides other offices of importance and responsibility.

Mr. Day is thoroughly familiar with the duties of the office for which he seeks election and is perfectly competent to perform them. At present he is a member of the board of city trustees and enjoys the respect and confidence of the members of that body.

The affairs of the office of auditor and recorder can be safely entrusted in his hands and the voters of Ormsby county will make no mistake in voting for him. His election will mean a faithful performance of the duties of the office and in a manner satisfactory to the people of Ormsby county.

## MEXICAN-AMERICAN PLOTTERS TO BLAME FOR NEW TROUBLE

**Intimated by Secretaries Lansing and Baker That Scheme Was Hatched In This Country -- National Chairmen Make Comment On Affair**

[By United Press] WASHINGTON, Oct. 27.—Secretaries Baker and Lansing declare that Mexican and American plotters are responsible for the border danger which Baker announced last night. They said: "We cannot imagine Americans so unpatriotic and wanton as to join such an action." They say they see not the slightest political significance to the issuance of the statement now, as the same information reached Washington an hour before any statement was issued. They declared that the phrase "enemies of the administration" referred to anti-Carranza Mexicans.

### Political Comment

[By United Press] NEW YORK, Oct. 27.—Republican Chairman Willcox has demanded that the government immediately prosecute the parties for treason if Secretary Baker has information that

Americans are engineering the proposed Mexican rail. He characterized the statement as "another political drive, which will fail." Democratic Chairman McCormack said, "I am running this campaign, not the war department."

### City of Chihuahua Isolated

[By United Press] EL PASO, Oct. 27.—Chihuahua City communications from the south have been destroyed. The Villistas are thus delaying the arrival of Carranza reinforcements and munitions. Chihuahua City is now isolated except from northern Chihuahua. Villa is moving to the southward. Andres Garcia, Mexico City diplomat, is enroute to New York on behalf of Carranza "on a mission concerning peace with America." He says this is not concerned with the joint commissioners. He declared also that Villa is being financed by Mexicans and a few Americans here.
